

NEW HAMPSHIRE NOTICE FORM

Notice of Clinicians' Policies and Practices to Protect the Privacy of Your Health Information

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

I may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- "PHI" refers to information in your health record that could identify you.
- "Treatment, Payment and Health Care Operations"
 - *Treatment* is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your family physician or another psychologist.
 - *Payment* is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
 - *Health Care Operations* are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- "Use" applies only to activities within my practice group, such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- "Disclosure" applies to activities outside of my practice group, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An "authorization" is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment and health care operations, I will obtain an authorization from you before releasing this information. I will also need to obtain an authorization before releasing your psychotherapy notes. "Psychotherapy notes" are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have kept

separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If I have a reason to suspect that a child has been abused or neglected, I am required by law to report this to the Bureau of Child and Family Services.
- **Adult and Domestic Abuse:** If I suspect or have a good faith reason to believe that any incapacitated adult has been subject to abuse, neglect, self neglect or exploitation, or is living in hazardous conditions, I am required by law to report that information to the Commissioner of the Department of Health and Human Services.
- A. **Health Oversight:** If the New Hampshire Board of Psychological Examiners, the New Hampshire Board of Medicine, or the New Hampshire Board of Mental Health Practice is conducting an investigation, then I am required to disclose your mental health records upon receipt of a subpoena from the Board.
- **Judicial or Administrative Proceedings:** If you are involved in a court proceeding and a request is made for information about the professional services that I provided you and/or the records thereof, such information is privileged under state law, and I may not release information without your written authorization, or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court-ordered. You will be informed in advance, if this is the case.
- **Serious Threat to Health or Safety:** If you have communicated to me a serious threat of physical violence against a clearly identified or reasonably identifiable victim or victims, or if you have made a serious threat of substantial damage to real property, I am required by law to take reasonable precautions to provide protection from such threats by warning the victim or victims of your threat and to notify the police department closest to your residence or the potential victim's residence, or obtain your civil commitment to the state mental health system.
